

This is supposedly an abandoned album but it seems to be a compilation of TV performances. No recording dates or studio information unless identified. VG+ to Ex- SBD stereo. Sourced from vinyl with plenty of clicks and pops. This has appeared on a variety of bootlegs, the earliest of which could be TMOQ's The Reedy River.

The trader mikehurdygurdyman@cox.net has the biggest list of rare Donovan recordings.

The Reedy River

The Reedy River

Donovan

Naughty Dog
