

This is Danko with his band...Rick sounds drunk, but this partial set is quite enjoyable with excellent sound...this is the first time I've seen a copy of this show in circulation, so if you have a copy that includes the missing track (Xmas Must Be Tonight) I'll pull this and reseed the full(er) set...enjoy!

The Band's official website
(http://theband.hiof.no/tape_archive/danko_tapes.html)
lists Christmas Must Be Tonight between tracks 4 & 5, but is not included in this recording.
