JIMI HENDRIX THE ALTERNATE ELECTRIC LADYLAND

THE JIMI HENDRIX EXPERIENCE THE ALTERNATE ELECTRIC LADYLAND

1. (HAVE YOU EVER BEEN TO) ELECTRIC LADYLAND (instrumental backing track)
2. ALL ALONG THE WATCHTOWER (basic track without overdubs/effects)
3. AIN'T NOTHING WRONG WITH THAT (unreleased track with Noel Redding on vocals. Based on an instrumental called MY LITTLE ONE.)
4. COME ON (PART 1) (ultimate take)
5. VOODOO CHILE (SLIGHT RETURN) (an early studio take - a breakdown because Jimi makes a mistake) (for once!)
6. ROOM FULL OF MIRRORS (an early version)
7. GIPSY EYES (an early rehearsal take with only guitar and drums)
8. GIPSY EYES (rough mix with different guitar overdub)
9. HOUSE BURNING DOWN (rough mix)
10. CAT TALKIN' TO ME (instrumental backing track of an unreleased song)
11. CAT TALKIN' TO ME (track 10, different take, with overdubbed Mitch Mitchell vocals)
12. TAKING CARE OF NO BUSINESS (a real Jimi Hendrix oddity - complete with horn arrangement. Unreleased.)
13. ANGEL (demo recorded at Jimi's apartment - just his voice and electric guitar)
14. 1983... (A MERMAN I SHOULD TURN TO BE) (same as track 12)
15. 1983... (A MERMAN I SHOULD TURN TO BE) (early studio take)
16. 1983... (A MERMAN I SHOULD TURN TO BE) (a "vocal" take - no bass and drums)
17. VALLEYS OF NEPTUNE ... ARISING (unreleased song - a session - like runthrough with only Jimi on guitar/vocals and Mitch on drums)
18. VALLEYS OF NEPTUNE ... ARISING (a gentle, flowing instrumental version of the song. A Fleetwood Mac "Albatross"-like arrangement showing that Jimi really could play...)
19. FREEDOM (an early rehearsal take)

All the demos, studio outtakes/rough mixes on this CD were recorded during 1967.
Tracks 17-19 were recorded in 1969.

This CD offers an excellent listening view of how Jimi worked and how he developed his songs in the studio. Enjoy!
