

Thelonious Monk Quartet

Volkshaus
Zurich, Switzerland
February 26, 1964

To my surprise this Monk performance does not seem to be widely circulated. I also searched all the known Monk discographies and I am pretty sure that it has not been released commercially in any format.

There is a very slight radio hiss and the sound on one track is somewhat muffled compared to the other tracks. Otherwise this is a very good sounding recording and the performance as should be expected is exceptional.

Zurich 1964
