THIS IS SCOTT WALKER TV SHOWS - AUDIO ONLY- COMPLETE SET

This is a great rarity for Scott Walker Fans. This is the audio portion of the 8 TV shows that Scott produced for the BBC in 68 & 69. The programmes were destroyed by the BBC many years ago so this is the only chance many people will get to hear these songs. Each show is in its entirety so contains all of the guest artists as well

Please remember that these recordings were made from a TV set so the audio is not brilliant but I understand that it has been improved by the person that I got these CDs in a trade from. Although I guess Scott collectors will not be too bothered by this

PS - I have also included the 3 unreleased Scott songs that circulate as well just in case people do not have these as well.

NOTE TO MODS

The LP "Scott sings songs from his TV series" is a studio album which contains re-recorded version of some of the songs that he sang on the TV shows and hence are not the same. These were recorded in front of a live studio audience.
