Merge in track 29 at 26 seconds.

About 20 rows back and a few seats to the right of the aisle that runs
DFC.

A great performance and a very good sounding 174 minute recording.
They played straight through with no breaks. Tapers, plan your fluid
intake accordingly!

Approximately 30-60 seconds were lost at the start of track 1, a
few seconds were lost at the start of track 18 and a few seconds were
lost from track 29.
