

# Pete Seeger

CBC TV Studios  
Montreal, QC  
May 12, 1969

Got this on reel from the original taper. Only info supplied was the date; rest deduced from listening and don't know if this was a local or national broadcast in Canada. Evened out the sound with CEPro; still not perfect but easily listenable.

reel -> m-audio2496 (analogue port) -> CEPro -> CDwave (track split) -> Flac front end (level 8; verified) -> maketorrent 7 -> DAD -> you

Please pass on in lossless format only.

Do not sell or auction or permit the sale or auction of this or any other fan-made recording.

Support the performer by buying Pete's official releases and attending his (very rare) concert appearances.
