

Tour : 1973 Time Fades Away Tour with The Stray Gators
Band : The Stray Gators, Line Up 1
Neil Young - vocals, guitar, keyboards, harmonica
Ben Keith - pedal steel guitar, vocals
Jack Nitzsche - keyboards
Tim Drummond - bass
Kenny Buttrey - drums

I got this recently. I don't know the generation - sounds like 2nd or 3rd. It's got a little hiss, however it's a pretty good recording. The sound is full and detailed. This isn't one of the normal 1973 shows that floats around, so hopefully this fills a gap in some collections. I'd love to find the master on this one. Anyone?
